

17 December 2019

Release Notes

AtomOS 10.2

NINJA V

Features:

- **RAW support for Nikon Z 6 and Z 7**

AtomOS 10.2 enables Apple ProRes RAW recording via HDMI from the Nikon Z 6 and Z 7.

NOTES

- **Cameras must be upgraded with a Nikon service procedure to enable RAW recording.**
(Contact your regional Nikon office for details of the service procedure).
 - Pre-roll is not supported with ProRes RAW recording at this time.
 - Pre-roll is disabled when using Camera triggers with ProRes and DNx codecs.
-
